Number of voting rights of all shareholders of the Target Company	14,899,805 voting rights	
---	--------------------------	--

Note 1: “Number of voting rights represented by share certificates, etc. held by specially related parties before the Tender Offer” and “Number of voting rights represented by share certificates, etc. held by the specially related parties after the Tender Offer” state the total number of voting rights represented by share certificates, etc. held by each specially related party (except for persons excluded from specially related parties under Article 3(2)(i) of the Cabinet Office Ordinance for the purpose of calculating the ownership ratio of share certificates, etc. under each item of Article 27-2(1) of the Act).

Note 2: “Number of voting rights of all shareholders of the Target Company” is the number of voting rights of all shareholders of the Target Company as of September 30, 2017 stated in the third quarter report for FY 2017 (the “**Target Company’s Third Quarter Report**”) submitted by the Target Company on February 9, 2018. However, since shares less than one unit were subject to the Tender Offer, when calculating “Ownership ratio of share certificates, etc. before the Tender Offer” and “Ownership ratio of share certificates, etc. after the Tender Offer,” the number of voting rights (14,900,603 voting rights) represented by 1,490,060,310 shares is used as a denominator. This number of shares (1,490,060,310 shares) is the number that results from subtracting (a) the number of treasury shares (222,186 shares) owned by the Target Company as of December 31, 2017 stated in the financial results summary for the third quarter of the fiscal year ending March 2018 (Japanese standards) (consolidated) announced by the Target Company on February 5, 2018, from (b) the total number of issued shares (1,490,282,496 shares) as of December 31, 2017 stated in the Target Company’s Third Quarter Report.

Note 3: “Ownership ratio of share certificates, etc. before the Tender Offer” and “Ownership ratio of share certificates, etc. after the Tender Offer” have been rounded off to two decimal places.

(5) Calculation If the Purchase Through the Tender Offer is Conducted on a *Pro Rata* Basis

The total number of the Tendered Share Certificates, Etc. (160,405,419 shares) exceeded the maximum number of share certificates, etc. to be purchased (160,329,300 shares); therefore, as stated in the public notice of commencement of the Tender Offer and the tender offer registration statement, the Offeror will not purchase all or any part of that excess amount and will implement the delivery and other settlement for purchasing share certificates, etc. on a *pro rata* basis as provided for in Article 27-13, paragraph 5 of the Act and Article 32 of the Cabinet Office Ordinance. (If the number of the Tendered Share Certificates, Etc. contains a portion of shares less than one unit (100 shares), the number of shares to be purchased, as calculated on a *pro rata* basis, will be limited to the number of the Tendered Share Certificates, Etc.)

The total number of share certificates, etc. to be purchased from all tendering shareholders as calculated on a *pro rata* basis whereby shares constituting less than one unit were rounded off fell short of the maximum number of share certificates, etc. to be purchased; therefore, the Offeror purchased one unit from each tendering shareholder, in descending order beginning with the tendering shareholders that own the greatest number of rounded-off shares, until the total number of shares to be purchased was equal to or greater than the maximum number of share certificates, etc. to be purchased. (When the number of share certificates, etc. to be purchased exceeded the number of Tendered Shares Certificates, Etc. if the purchase of one additional unit was made, the purchase was limited to the number of the Tendered Shares Certificates, Etc.)

(6) Method of Settlement

(A) Name and Address of Head Office of Financial Instruments Business Operator/Bank, etc., in Charge of Settlement of the Tender Offer

(Tender Offer Agent)

(C) Method of Settlement

The purchase will be settled in cash. The Tender Offer Agent will, in accordance with the instructions given by the tendering shareholders (or the standing proxy in the case of non-resident shareholders) and without delay on or after the commencement date of settlement, remit the purchase price to the address designated by the tendering shareholders (or the standing proxy in the case of non-resident shareholders).

(D) Method of Return of Share Certificates, Etc.

The Tender Offer Agent will return the share certificates, etc. that must be returned by reverting the relevant shares to their original condition at the time of the tender in the securities account held by the relevant tendering shareholders with the Tender Offer Agent (“the original condition at the time of the tender” means the condition where the execution of the order to tender in the Tender Offer has been cancelled) on the date two business days after the last day of the Tender Offer Period.

If the tendering shareholders wish to transfer the share certificates, etc. that must be returned to a financial instruments business operator, etc. other than the Tender Offer Agent, tendering shareholders should contact the head office or sales office in Japan of the Tender Offer Agent through which the tendering shareholders tendered their shares to confirm the date of such transfer, which may differ depending on account type where the share certificates, etc. are managed.
