

The following is an overview of Corporate Governance at Canon Inc. (the “Company”)

December 18, 2018
Canon Inc.

I. Fundamental Policy Concerning Corporate Governance and Basic Information about Capital Structure, Corporate Attributes, etc.

1. Fundamental Policy

In order to establish a sound corporate governance structure and continuously raise corporate value, the Company believes that it is essential to improve management transparency and strengthen management supervising functions. At the same time, a sense of ethics and mission held by each executive and employee of a company is very important in order to achieve continuous corporate growth and development.

The Company’s corporate governance structure is described as follows under “Disclosure Based on the Principles of the Corporate Governance Code,” “Principle 3.1 Full Disclosure,” “ii) Basic Views and Guidelines on Corporate Governance.”

Reasons for Non-compliance with the Principles of the Corporate Governance Code (Revised)

Supplementary Principle 4.11.1 Balance Between Diversity, Knowledge, and Experience etc. of the Board as a Whole

Descriptions of this are included in “(ii) Basic Views and Guidelines on Corporate Governance” and “(iv) Board Policies and Procedures in the Appointment and Dismissal of Senior Management and Nomination of Director and Audit & Supervisory Board Member Candidates” of “Principle 3.1 Full disclosure.”

As for Directors, the Company will assign persons recognized for performing their duties in a fair and effective manner, regardless of personal attributes such as gender, nationality, and age. The Company’s Board does not include any females or non-Japanese as there are no candidates considered qualified at this time. Among Executive Officers, however, we have two females and one non-Japanese.

Disclosure based on the Principles of the Corporate Governance Code (Revised)

Principle 1.4 Strategic Share Holdings (So-called “Cross-Shareholdings” in the Corporate Governance Code)

1. Policy Regarding Strategic Holdings

For the mid- to long-term growth of the Company, ceaseless improvement of respective systems like development, production, and sales, is essential. It is, however, difficult to achieve all of this solely through the management resources of the Canon Group. The Company decides in some cases to hold shares of companies outside the Canon Group as part of cooperation with such companies, when it determines that such shareholding would be beneficial to strengthening of those systems.

2. Examining the Rationale of Strategic Share Holdings

As for strategic share holdings, the Company examines the rationale of each share holding every year on a regular basis, evaluating its significance, the performance of the invested company, and other aspects, and making reports to the Board of Directors. If the rationale for the holding is not recognized, it will be sold.

3. Policy Regarding the Exercise of Voting Rights Pertaining to Strategic Share Holdings

The Company decides to vote for or against a proposal of invested companies based on a standard of whether or not such proposal would contribute to the profit of all shareholders, while respecting the management policies, business strategies etc. of the invested companies.

Principle 1.7 Related Party Transactions

In accordance with laws and regulations, transactions between the Company and Directors, as well as Director's transactions involving a conflict-of-interest with the Company should be approved by the Board of Directors based on the material facts on such transactions. And after the transaction is complete, a report is given to the Board of Directors.

Executive Officers, which are elected through resolution of the Board of Directors, are treated the same as Directors.

Principle 2.6 Roles of Corporate Pension Funds as Asset Owners

Canon Inc. and major Canon Group companies in Japan jointly established the Canon Pension Fund, appointing finance and accounting experts to the roles of Chief Director, Executive Director, and Investment Managing Director. Grounded in the Basic Policy which was based on guidelines enacted by the Japanese Ministry of Health, Labor and Welfare—the pension fund employs asset allocation plans considered optimal from a medium- to long-term investment perspective, and selects investment products and entrusted institutions that align with the asset allocation plans. In asset allocation and the selection of investment institutions, careful deliberation is carried out by the asset investment committee, which consists of the Chief Director, Executive Director, Investment Managing Director and experienced investment and pension plan experts.

Additionally, scheduled monitoring of investment status, including the stewardship activities of each entrusted institution, is carried out through quarterly reporting sessions. Through this, the Canon Group has established a structure that realizes steady asset formation for employees and secures the future investment and management of a healthy pension fund that gives due consideration to avoiding conflicts of interest between pension beneficiaries and the Company.

We are also taking such steps as participating in seminars hosted by the Pension Fund Association of Japan to elevate the competencies of our investment personnel.

Principle 3.1 Full Disclosure

(i) Company Objectives (e.g., Business Principles), Business Strategies and Business Plans

1. Corporate Philosophy

Truly global companies must foster good relations with customers and communities, as

well as with governments, regions, and the environment, as part of their fulfillment of social responsibilities. The Company, under a corporate philosophy of kyosei—living and working together for the common good— will fulfill its corporate social responsibility, and will contribute to expand society, through offering superior products and services to people all over the world in order to remain an Excellent Global Corporation.

<https://global.canon/en/vision/strategies.html>

3. Capital Policy

In order to steadily and continuously make necessary investment in mid- to long-term growth, the Company attaches importance to enhancing shareholders’ equity.

Furthermore, the Company strives to return profits to shareholders through a stable and active dividend, comprehensively taking into consideration mid-term profit forecasts, planned future investments, cash flow and other factors while also acquiring its own shares as necessary.

(ii) Basic Views and Guidelines on Corporate Governance

The Company is globally expanding its businesses in various business fields, including office equipment, consumer products, medical equipment, and industrial equipment, and aims to aggressively expand into new business fields in the future. In order to make prompt decisions in each business field, and make important decisions for the entire Canon Group or matters that straddle several business fields from a company-wide perspective and at the same time secure appropriate decision making and execution of operation, the Company judges the corporate governance structure below to be effective.

• Board of Directors

While the focus of the organizational structure of the Board of Directors is on Representative Directors that oversee company-wide business strategies or execution such as the CEO, COO, CFO, CTO, and Representative Directors or Executive Directors that oversee multiple business fields or headquarters functions, in order to secure sound management, an adequate number of at least two or more Independent Outside Directors are appointed. The Board of Directors, in accordance with laws and regulations, makes important decisions and supervises the execution of duties by officers.

Except for the above, the CEO and other Representative Directors are active in decision making and execution, and under the command and supervision of the Representative Directors, Executive Officers that are elected through resolution of the Board of Directors make decisions and execute operations of each business field or function.

- Audit & Supervisory Board

As a body which is in charge of the audit of operations, under the principles of autonomy, which is independent from the Board of Directors, the Company has full-time Audit & Supervisory Board Members that are familiar with the Company's businesses or its management structure, and Independent Outside Audit & Supervisory Board Members that have extensive knowledge in specialized areas such as law, finance and accounting, and internal control. The Audit & Supervisory Board, which is composed of these individuals, cooperates with the Company's accounting auditors and internal audit division, oversees the status of duty execution of operations and corporate assets to secure the soundness of management.

(iii) Board Policies and Procedures in Determining the Remuneration of the Senior Management and Directors.

1. Policy

The remuneration of Representative Directors and Executive Directors consists of a basic remuneration, which is a fixed amount, paid each month, as a compensation for execution of duties required in accordance with their role, a bonus that is linked to the Company's business performance in each business year, and a stock-type compensation stock option plan to provide an incentive to improve mid- to long-term performance and raise corporate value.

The remuneration of the Executive Officers is also in line with the above.

As for Outside Directors, remuneration is limited to the basic remuneration, which is a fixed amount, paid each month.

2. Procedure

The Company established the "Nomination and Remuneration Advisory Committee," a non-statutory committee, which consists of the CEO, two Independent Outside Directors, and one Independent Outside Audit & Supervisory Board Member. The Committee examined the rationale of the remuneration system, including calculation standards of the basic remuneration and the bonus, and the granting standards of stock-type compensation stock option plan and reported to the Board of Directors that they considered such remuneration system reasonable, at the meeting of the Board of Directors held in January 2018.

The basic remuneration and bonus amount for each Director and Executive Officer is determined by the Board of Directors in accordance with calculation standards examined by the "Nomination and Remuneration Advisory Committee."

The total amount of basic remuneration and stock-type compensation stock option plan for Directors is within the limit of the remuneration amount that is resolved by the general meeting of shareholders.

As for the bonus for Directors, the payment is fixed provided that the proposal about such payment submitted at the ordinary general meeting of shareholders is approved.

3. Procedures for the Dismissal of Senior Management

In cases where a Representative Director, including the CEO, or an Executive Director, together referred to as “Senior Management,” commits an illegal, dishonest, or unfaithful act, or is deemed to have not fulfilled their role, or is judged not to be suitable for responsibilities of Senior Management, Directors, Audit & Supervisory Board Members can at any time demand that the Nomination and Remuneration Advisory Committee discuss the need for dismissal of the concerned Senior Management member.
