The corporate governance of Fujitsu Limited (the “Company”) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views

Our basic approach to corporate governance and how the company streamlines mechanism and exercises corporate governance based on this approach are described in the Corporate Governance Policy (the Policy) in the following website.

Corporate Governance Policy (“Policy”) (English Translation)
<https://pr.fujitsu.com/jp/ir/governance/governancereport-b-en.pdf>

[Reasons for Non-compliance with the Principles of the Corporate Governance Code]

Our company is implementing each of the principles of the Japan's Corporate Governance Code.

[Disclosure Based on the Principles of the Corporate Governance Code]

[Principle 1.4 Strategic Shareholdings]

The Company holds only those strategic shares with clear-cut objectives and meaningful significance in a positive manner. Board of Directors meetings examine the weighted average capital cost of the Company as the standard to evaluate quantitatively whether returns (quantitative factors, such as dividends and the state of transactions), or risks are well balanced with the cost. If quantitative significance in shareholdings is not detected, Board of Directors meetings will further evaluate whether there is a qualitative reason that provides backing for reasonableness to still hold those shares and discuss the continuation of such holdings.

For FY2018, the Company sold 78 issues, and the Board of Directors meeting, held on June 19, 2019, discussed strategic shareholdings held by the Company as of the end of March, FY2018.

The Company deals with strategic shareholders on an equal footing just like with other business partners. Even when strategic shareholders indicate their sales of shares, we do not prevent them from selling them. Said that, we sometimes call upon them the timing of sales, or ways of selling them.

In addition, for the policy for strategic shareholdings and the standard of exercising voting rights as to the strategic shareholdings, please refer to 3.(5) of the Policy in the following website.

<https://pr.fujitsu.com/jp/ir/governance/governancereport-b-en.pdf>

[Principle 1.7 Related Party Transactions]

The Board of Directors performs the oversight on the transactions involving the conflict of interest by Directors in accordance with the relevant laws, regulations, and the Regulations of the Board of Directors. For the procedure framework, please refer to 2.(2)c of the Policy in the following website.

<https://pr.fujitsu.com/jp/ir/governance/governancereport-b-en.pdf>

1. Action taken in FY2018 based on the evaluation of FY2017

Arrangements were made for key points in divisional monthly results to be efficiently reported on, which would enable the Board of Directors meetings to spend more time on discussions for the formulation of mid- to long-term strategies and business plans that should be focused on. Additionally, education on specific themes by outside experts was offered to directors and auditors. Moreover, Independent Directors and Auditors continued to hold the Independent Directors and Auditors Council, which is an effort to facilitate exchange of information and formulation of opinions between them.

2. Evaluation of FY2018

(1) Evaluation method

For evaluation of FY2018, considering the timing in which the execution side would assume a new management and Independent Director Abe would take up the post of chairman of the board in FY2019, the Company heard opinions through discussions with Director Abe, Director and Chairman Yamamoto, who is the chairman of the board, and Independent Directors and Auditors concerning measures that could further enhance the effectiveness of the Board of Directors meeting. Afterwards, the following (i) and (ii) were reported on and discussed at Board of Directors meetings.

- (i) Results of opinions heard through discussions with Independent Directors and Auditors including Director Abe and Director and Chairman Yamamoto, who is the chairman of the board.
- (ii) Opinions concerning the Board of Directors of the Company from institutional investors (managers in charge of proxy voting)

(2) Evaluation

- In reporting monthly financial results at Board of Directors meetings, there is room for improvement in the contents that can lead to discussions for raising profitability.

- It is important to convey arguments in Board of Directors meetings to the relevant division through Corporate Executive Officers, who are responsible for directing that division.
- For efficient discussions in a limited time frame it would be effective to (i) promote digitalization of materials for Board of Directors meetings and unify the formats accordingly, (ii) ensure materials are shared in plenty of time prior to the meetings and (iii) improve explanations for the intent of agendas that are set.

For these reasons, he has been re-appointed as an External Director.</p> <p>Moreover, Mr. Yokota has never been a major shareholder nor has he held a position involved in business execution of a major business partner of the Company. However, taking into account the scale of our sales, the amount of transactions is immaterial and does not constitute a conflict of interest. Consequently, Fujitsu has thus determined that there is no risk of a conflict of interest in representing the interests of regular shareholders and has designated her as an Independent Director.</p>
Atsushi Abe	○	-	<p>Through many years of experience in investment banking and private equity, Atsushi Abe has gained a deep understanding of the ICT industry and mergers and acquisitions. Because the Company expects that, in addition to being able to provide oversight and advice from a shareholder and investor perspective, he will continue to contribute to timely and decisive management decision-making, he has been re-appointed as an External Director.</p> <p>Mr. Abe is Managing Partner of Sangyo Sosei Advisory Inc. The Company has no business relationship or competitive relationship with Sangyo Sosei Advisory Inc. Moreover, Mr. Abe has never been a major shareholder nor has he held a position involved in business execution of a major business partner of the Company. As noted on the left, PricewaterhouseCoopers Aarata, where Mr. Hatsukawa served as CEO, has a business relationship with Fujitsu, but it is considered immaterial and not constituting a conflict of interest when taking into account the size of Fujitsu's total sales. PricewaterhouseCoopers Aarata has not performed accounting audits for Fujitsu. Fujitsu has thus determined that there is no risk of a conflict of interest in representing the interests of regular shareholders. Therefore, Fujitsu considers him to be independent and has designated Mr. Hatsukawa as an Independent Audit & Supervisory Board Member.

[Incentives]

Incentive Policies for Directors	Performance-based Compensation
----------------------------------	--------------------------------

Supplementary Explanation

Executive compensation is comprised of the following: "Base Compensation," specifically a fixed monthly salary in accordance with position and responsibilities; "Bonuses" that are compensation linked to short-term business performance; and "Performance-based Stock Compensation," which is a long-term incentive that emphasizes a connection to shareholder value. At the 107th Annual Shareholders' Meeting held on June 22, 2007, a resolution terminating the retirement allowance system for executives was passed.

Details of the Performance-based Compensation are described below.

<Outline of Bonuses>

The Company, in an attempt to give incentives to Executive Directors to achieve their performance targets for a fiscal year, has adopted an on-target bonus system that reflects their achievement level of performance targets for the fiscal year in their compensation.

(1) Outline of the System

At the start of a fiscal year, the Company will present to Executive Directors a base amount of bonus in accordance with their respective performance targets, responsibilities and titles. When the fiscal year is over, each applicable person will be paid the amount that is calculated by multiplying the base amount of bonus by the coefficient in accordance with the achievement level of performance targets.

(2) Indicator of Performance Achievement Level and Coefficient

Coefficient is set up within a certain scope according to performance achievement level vis-à-vis the prearranged performance targets in terms of sales revenue and operating profit in the consolidated financial results that the Company pursues as its management target indicator. When a performance achievement level turns out to be less than the pre-determined lower limit, no bonus will be paid. When a performance achievement level exceeds the pre-determined upper limit, the amount that is calculated by multiplying the base amount of bonus by the upper limit of the pre-determined coefficient will be paid.

<Outline of Performance-based Stock Compensation>

The Company has adopted a performance-based stock compensation system (hereinafter referred to as "the System") in an attempt to give incentives to Executive Directors to enhance mid- to long-term corporate value and further promote business management from the perspective of shareholders.

(1) Overview of the Plan

The Company will present to Executive Directors the pre-determined base number of shares, the performance judging period (three fiscal years) and performance targets in accordance with their respective grades. The number of shares, which is calculated by multiplying base number of shares by a fixed coefficient according to the level of performance achievement, is fixed at each fiscal year. When the performance judging period is over, the total number of shares is allocated to each applicable person. Then, monetary compensation claims comparable to market value of allocated shares are provided to the Executive Directors. The Executive Directors invest these monetary compensation claims in allocated shares to acquire shares of the Company. The Executive Directors may transfer acquired shares of the Company at their own discretion unless they violate regulations regarding insider trading based on laws and regulations.

(2) Indicator of Performance Achievement Level and Coefficient

Coefficient is set up within a certain scope according to performance achievement level vis-à-vis the prearranged performance targets in terms of sales revenue and operating profit of the Company's consolidated financial results.

(3) Paid-in Amount per Share

The paid-in amount per share allotted to Executive Directors under the System will be the fair price of shares of the Company in the paid-in period, such as a closing price on the business day of the Tokyo Stock Exchange immediately preceding the date when a Board of Directors meeting that decides the allotment takes place.

(4) Other

The handling of stock allotments in the case that Executive Directors retire, the operation of the System at the time of reorganization, the treatment of stock splits or stock consolidations in terms of the base number of shares, and other details of the System have been determined by resolutions at Board of Directors meetings.

Executive compensation is comprised of the following: "Base Compensation," specifically a fixed monthly salary in accordance with position and responsibilities; "Bonuses" that are compensation linked to short-term business performance; and "Performance-based Stock Compensation," which is a long-term incentive that emphasizes a connection to shareholder value.

<Base Compensation>

<Bonuses>

- Bonuses shall be paid to Directors who carry out executive responsibilities. The amount of a bonus shall reflect business performance in the respective fiscal year.
- As a specific method for calculating a bonus, Fujitsu shall adopt an "On Target model" that uses consolidated revenue and consolidated operating profit as indices and the amount shall be determined in accordance with the degree of achievement of the performance targets for the respective fiscal year.

<Performance-based Stock Compensation>

- Performance-based stock compensation shall be granted to Directors who carry out executive responsibilities, in order to share the profit with shareholders and as an incentive to contribute to enhancement of medium- to long-term performance.

Other matters

Fujitsu abolished its senior executive advisor (Sodanyaku) and advisor (Komon) system, effective March 31, 2018, in order to clarify management responsibilities and strengthen corporate governance by the resolution of its Board of Directors Meeting.

Fujitsu will enter into commission contracts with retiring officers, who will be known as "senior advisors" or "senior fellows," on an individual basis and subject to a resolution of the Board of Directors, in cases where such treatment of retiring officers is indispensable as they are to be appointed as an officer of an unaffiliated organization, or where the individual's expertise in specific fields is particularly useful for Fujitsu's business operations.

2. Matters on Functions of Business Execution, Auditing, Oversight, Nomination and Remuneration Decisions

(Overview of Current Corporate Governance System)

(1) Overview of Corporate Governance Structure

<Board of Directors>

The Company has a Board of Directors to serve as a body for making important decisions and overseeing management. The Board of Directors delegates the decision-making authority over business execution to the Representative Directors and subordinate Corporate Executive Officers to the broadest extent that is permitted by law and the Articles of Incorporation of the company and is considered to be reasonable and will mainly perform as oversight and advisory function. Moreover, the oversight function of the Board of Directors has been strengthened by actively appointing External Directors with high independence and diverse perspective. Furthermore, in order to better define the management responsibility of the Directors, their terms were reduced from two years to one year in accordance with a resolution at the June 23, 2006 Annual Shareholders' Meeting. The Board of Directors is comprised of 10 members in total: 3 Executive Directors and 7 Non-Executive Directors (including 4 External Directors).

The Company held 13 Board of Directors meetings in FY2018 (including one extraordinary Board of Directors meeting) to discuss matters including management policies and business reformation and to decide a new management system based on the report of the Executive Nomination Committee. Except one Board of Directors meeting with a single director absent, all the other meetings were attended by all directors.

<Audit & Supervisory Board>

The Company has an Audit & Supervisory Board that performs the auditing and oversight functions. The auditing and oversight functions are carried out by Audit & Supervisory Board Members, who review the Board of Directors as well as business execution functions and attend important meetings, including meetings of the Board of Directors.

The Audit & Supervisory Board has five members, comprising two full-time Audit & Supervisory Board Members and three External Audit & Supervisory Board Members. The Company held 10 Audit & Supervisory Board meetings in FY2018 (including two extraordinary Audit & Supervisory Board meetings) to formulate audit plans and discuss the content of the audit report and others. All Audit & Supervisory Board meetings were attended by all members.

<Independent Directors & Auditors Council>

In response to the requirements of Japan's Corporate Governance Code, which facilitates the activities of Independent Directors and Auditors, and in order to invigorate discussions on the medium- to long-term direction of the company at its Board of Directors Meetings, the Company believes it essential to establish a system which enables Independent Directors and Auditors, who maintain a certain degree of separation from the execution of business activities, to consistently gain a deeper understanding of the Company's business. Based on this recognition, the Company established the Independent Directors and Auditors Council in fiscal 2015. In the Independent Directors and Auditors Council, members discuss on the medium- to long-term direction of the company and share information and exchange viewpoints so that they can each formulate their own opinions.

In fiscal 2018, the Independent Directors and Auditors Council met 6 times. The members discussed about the Company's management direction and human resources development, and shared information and exchanged viewpoints on the scope of business of the Company and of the Fujitsu Group, etc.

(2) Status of Business Execution Organs

For the Status of Business Execution Organs, please refer IV1 .

(3) Status of Accounting Audits and Internal Audits

<Accounting Audits>

The accounting auditor, Ernst & Young ShinNihon LLC, reports to the Audit & Supervisory Board concerning the audit plan and results. The accounting auditor also conducts exchange of opinions when needed and carries out coordinated audits. The four certified public accountants associated with Ernst & Young ShinNihon LLC who performed the accounting audit were Messrs. Yuichi Mochinaga, Yoshihiko Nakatani, Tomoko Tanabe and Kohei Koyama. In addition, they were assisted by a further 53 certified public accountants, 14 accounting assistants, and another 74 persons, all associated with Ernst & Young ShinNihon LLC.

<Internal Audits>

The Corporate Internal Audit Division (with 85 members) serves as an internal audit group. This division audits the internal affairs of the entire Fujitsu Group in cooperation with the internal audit groups of each Group company. The Corporate Internal Audit Division reports once a month, as a rule, to full-time members of the Audit & Supervisory Board on auditing plans for and results of internal audits, including matters relating to Group companies, and makes regular reports, once every quarter as a rule, to the Audit & Supervisory Board and accounting auditor.

The Corporate Internal Audit Division includes a significant number of employees with specialist internal auditing knowledge, including Certified Internal Auditors (CIA), Certified Information Systems Auditors (CISA), and Certified Fraud Examiners (CFE).

(4) Overview of Limitation of Liability Contracts

The Company has entered agreements to limit the liability of Non-Executive Directors and Audit & Supervisory Board Members under Article 423, Clause 1 of the Companies Act.

The limitation of liability in such agreements shall be the minimum liability amount under the law. Limitation of liability shall be based on the premise that the Non-Executive Director or Audit & Supervisory Board Member is fulfilling their responsibility and engaging in execution of duties in good faith, and that there is no significant negligence.

3. Reasons for Adoption of Current Corporate Governance System

We believe that both direct oversight to business execution by the Non-Executive Directors and the oversight by Audit & Supervisory Board Members that stays distant from the decision making and operation of business execution should work jointly to ensure highly effective oversight performance. The company adopts “the company with Audit & Supervisory Board system” that establishes the Audit & Supervisory Board, which is composed of the Audit & Supervisory Board Members appointed as an independent agent.

The Board of Directors comprises same number or more Non-Executive Directors as Executive Directors to ensure its capacity to correct faulty, insufficient, or excessive business executions. While External Directors should be the core of Non-Executive Directors on account of their high independence, at least one Non-Executive Director is appointed from within the company to complement the External Directors’ knowledge in the business fields and the corporate culture of the company so that the efficiency of oversight performance by the Non-Executive Directors are enhanced.
